Albania high frequency inverter cabinet accessories

Overview

What types of inverters does anyhz offer?

AnyHz offers a comprehensive range of frequency converters and motor control solutions designed for a variety of applications. Our product range includes multi-functional general-purpose inverters, elevator-specific inverters, water pump-specific inverters, etc.

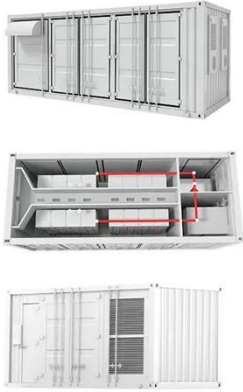

What is frequency inverter?

Frequency inverter is a dedicated accessory of inverter cabinet ,the variable frequency control the speed and the main technical parameters depends on the specification of built-in inverter and external configuration. Inverter cabinet have big difference according to the use of different application and different functions.

What is a power switch & protection frequency inverter cabinet?

1. The power switch and protection frequency inverter cabinet are equipped with low-voltage MCCB which is connected to the power line, in addition to complete and disconnect the circuit, can protect the circuit and VFD short circuit and overload protection. can cut off the power during maintenance . 2.
