# BESS the Finnish uninterruptible power supply vehicle

#### **Overview**

Is this Finland's largest battery energy storage system?

Swedish flexible assets developer and optimizer Ingrid Capacity has joined hands with SEB Nordic Energy's portfolio company Locus Energy to develop what is claimed to be Finland's largest and one of the Nordics' largest battery energy storage systems (BESS). The 70 MW/140 MWh BESS project will be located in Nivala, northern Finland.

How will a new battery energy storage system help the Finnish grid?

After the start of commercial operations in 2026, the project will contribute an important balancing function to the Finnish grid, supporting the Finnish renewable energy expansion. The groundbreaking ceremony took place in the afternoon on Monday the 26th of May on the site near Nivala where the battery energy storage system will be built.

Is a Bess project ready to build in Sievi?

One of the largest publicly announced BESS projects in Finland has achieved ready-to-build status in Sievi. Renewable energy projects developed by Korkia and Semecon Oy in the Sievi region, Finland, are progressing, as a legally valid building permit has been granted for a planned Battery Energy Storage System (BESS) in Kukonkylä.

Are energy storage systems a solution to Finland's energy transition?

Energy storage systems offer a solution. "This groundbreaking is an important moment for Finland's energy transition and a concrete step toward a more flexible, resilient, and decarbonized energy system," said Jussi Jyrinsalo, Senior Vice President at Fingrid.

Who owns a Bess system?

It is found that, in addition to the service being provided by the BESS, the ownership of the system can vary: it can either be owned by the final

consumer of electricity or by a third party who will provide the BESS as a service.

What is a Bess project?

The 70 MW/140 MWh BESS project will be located in Nivala, northern Finland. Set to go online in 2026, the facility will enhance grid stability, energy resilience and accelerate green electrification. The project marks Ingrid Capacity's first two-hour system and its debut in Finland.

#### **BESS the Finnish uninterruptible power supply vehicle**

# Battery Energy Storage Systems (BESS), Multiphase Power

Environmental Benefits: BESS supports renewable energy adoption by storing solar and wind power, reducing carbon footprints and dependency on fossil fuels. Uninterrupted Power Supply ...

## Here comes a utility-scale battery designed for data centers ...

Jun 11, 2025 · The Project FlexGen and Rosendin are tinkering on a utility-scale battery solution to be situated outside a data center building, as part of medium-voltage (1,000V to 35,000V) ...

# Uninterruptible Power Supply Vehicle BESS in Benguela ...

Uninterruptible Power Supply Vehicle BESS (Battery Energy Storage Systems) emerges as a game-changer, offering mobile, reliable electricity for critical operations. This article explores ...

#### **VOSS BESS**

May 5, 2025 · An uninterruptible power supply must be guaranteed at all times. One of the most economically efficient solutions available for this purpose is ...

#### Comprehensive Comparison of Battery Energy Storage Systems and Inverter UPS

Jul 17, 2024 · Introduction As energy demands increase and power reliability becomes critical, understanding the differences between Battery Energy Storage Systems (BESS) and Inverter ...

# FlexGen and Rosendin Launch Battery Storage ...

Jun 4, 2025 · FlexGen Power Systems LLC, a leading battery energy storage solution and energy management software provider, and Rosendin, the ...

## **EU Uninterruptible Power Supply Vehicle BESS Powering ...**

As Europe accelerates its transition to renewable energy, Vehicle-Mounted

Battery Energy Storage Systems (BESS) are emerging as game-changers. This article explores how EU ...

# Finland to host 240 MWh of new BESS projects

Mar 11, 2025 · Set to go online in 2026, the facility will enhance grid stability, energy resilience and accelerate green electrification. The project marks Ingrid Capacity's first two-hour system ...

# Valuing the household power outage self-sustainment ...

Nov 15, 2024 · During power outages, EVs with bidirectional chargers and suitable power electronics can be used to power household electricity demand akin to an uninterruptible ...

#### Firms partner to develop utilityscale BESS ...

Jun 9, 2025 · The companies plan to bring to market a battery-powered

system that can be used as a cheaper and faster alternative to traditional ...

#### **BESS Uninterruptible Power Supply Vehicle in Bandar Seri**

The BESS Uninterruptible Power Supply Vehicle isn't just a trend--it's Bandar Seri Begawan's key to resilient, sustainable power. Whether for disaster response or daily operations, this ...

#### EV-based BESS to balance Finnish and Norse ...

Mar 23, 2023 · As part of the four-year circular economy project TREASoURCE, funded by Horizon Europe, a stationary Battery Energy Storage System ...

#### Car BESS The Future of Uninterruptible Power Supply for Vehicles

Summary: Discover how Car Battery

Energy Storage Systems (BESS) are revolutionizing power reliability for electric vehicles, commercial fleets, and mobile applications. Learn about cost ...

## **Battery Energy Storage Systems** (BESS) Definition

Oct 21, 2024 · Uninterruptible Power Supply It is an electrical apparatus that supplies continuous power to critical loads during power outages. BESS is often used in conjunction with a UPS, ...

#### Utility Helen launching 40MW BESS in Finland

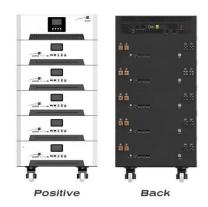

Feb 8, 2024 · Finnish utility Helen is launching a 40MW battery energy storage system (BESS) project in Nurmijärvi, southern Finland, and aims to begin ...

## Zimbabwe Uninterruptible Power Supply Vehicle BESS ...

Struggling with power outages in Zimbabwe? Discover how mobile Battery

Energy Storage Systems (BESS) provide flexible, sustainable energy solutions for businesses and ...

# The critical role of Battery Energy Storage Systems (BESS) in ...

Jul 28, 2025 · As the global shift towards electrification of transportation accelerates, the integration of BESS becomes increasingly crucial in addressing the challenges associated with ...

# BESS in Modern Power Systems: Role, Benefits, and ...

Learn what BESS is and explore its key uses and applications in modern power systems, renewable energy storage, peak shaving, load leveling, and grid stability.

## #datacenters #bess #gridstability #utilityscale , FlexGen

Exciting news for data centers! FlexGen and Rosendin are integrating proprietary

technology and solutions to leverage utility-scale Battery Energy Storage Systems (BESS) to support modern ...

## How battery energy storage systems are solving ...

Jun 12, 2025 · Backup power and peak shaving: For industrial facilities, a BESS can act as a massive Uninterruptible Power Supply (UPS), ensuring that ...

#### Uninterruptible Power Supply Vehicle BESS in Maribor

This is where Uninterruptible Power Supply Vehicle BESS (Battery Energy Storage System) becomes a game-changer. These mobile power units act like "energy ambulances," providing ...

# Finland s new mobile energy storage power supply

US Department of Defense trials flow batteries, mobile BESS Called Extended

Duration for Storage Installations (EDSI), the ability of a vanadium redox flow battery (VRFB) system from ...

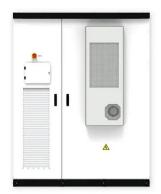

# Enabling renewable energy with battery energy ...

Aug 2, 2023 · Several telecommunication players and data center owners are already switching to BESS as their uninterruptible power supply solution and ...

#### **SCU**

3 days ago · Uninterruptible Power Supply (UPS) Since the first modular UPS in 2003, we are always working on more reliable UPS systems.

## What are Battery Energy Storage Systems ...

Aug 1, 2024  $\cdot$  Battery energy storage systems (BESS) are becoming pivotal in

the revolution happening in how we stabilize the grid, integrate renewables, and ...

#### FlexGen and Rosendin Partner to Deliver First-of ...

Jun 3, 2025 · The companies will bring to market a first-of-its-kind BESS system that can act as a reliable, high-performance alternative to conventional UPS ...

## **Battery Energy Storage Systems** (BESS)

Oct 17, 2022 · BESS can provide backup power for a microgrid in an outage and can also help stabilize the grid by providing energy during peak demand ...

#### Groundbreaking ceremony marks ...

May 27, 2025 · SEB Nordic Energy's portfolio company Locus Energy, in collaboration with Ingrid Capacity,
