

SolarGrid Energy Solutions

Boston rainproof photovoltaic panel manufacturer

Overview

Who is Boston Solar?

New England's Leading Solar Installer The Boston Solar Team has delivered customized solar energy solutions to over 6,000 households in New England for the past 13 years. Recently, we have expanded into the commercial market, completing projects for small businesses and even the iconic Fenway Park, home of the Red Sox.

Does Boston Solar install solar?

From financing to design and installation, Boston Solar does it all. Our in-house installers are licensed and certified, meaning you can rest assured that your solar meets the most rigorous standards. Download the Boston Solar complete guide to going solar and get answers to all your questions about solar energy.

Does Boston Solar offer a production guarantee?

Boston Solar provides superior solar panels and products, exceptional customer service, and the highest quality workmanship. Now, we also offer a Production Guarantee for residential solar panel installations. Our Production Guarantee offers assured energy production over the first ten years that your system runs, or we'll pay the difference!.

Who is mass renewables?

At Mass Renewables, we are not just about solar panels; we are about

independent energy sustainability. Our team is NABCEP-certified, OSHA-certified, and includes master electricians and licensed builders. This means your solar project is in the hands of experienced professionals dedicated to safety and excellence.

Do you need a rooftop solar system in New England?

Homeowners throughout New England are switching to solar energy, and you should, too. Rooftop solar panels have a long list of benefits that will save you money, reduce your impact on the environment, and reduce your reliance on your utility company. We are vertical integrated to ensure you get the most complete solar system for your needs.
