

SolarGrid Energy Solutions

Czech Brno Civilian Inverter Manufacturer

Overview

Why is Hitachi energy investing 1.1 billion CZK in Brno?

Hitachi Energy is investing over 1.1 billion CZK (approximately \$47 million USD) to expand its High Voltage Products factory in Brno, Czech Republic, marking a significant step in the company's global strategy to support the clean energy transition.

Where is Inventec based?

Inventec also establishes overseas manufacturing sites in Shanghai Pudong, Sichuan Chongqing, Houston USA, Juarez Mexico, and Brno Czech Republic. From research, design, manufacture, logistics to technology support, Inventec is customer-driven and the first priority is worldwide operation.

Why is the Czech Republic a hub for industrial expansion?

Industry analysts note that the Czech Republic's strategic location in Central Europe makes it an attractive hub for industrial expansion, particularly in the energy and manufacturing sectors.

Can Brno lead in a net-zero future?

With this expansion, the Brno factory is poised to lead in shaping a Net-Zero future by creating jobs, supporting local communities, and providing the critical infrastructure needed to advance the world's energy system to be more sustainable, flexible, and secure.

What is ctpark Brno?

The new facility at CTPark Brno is designed to support the production of gas-insulated lines (GIL) and gas-insulated switchgear (GIS) components, essential for efficient electricity transmission and distribution.
