# **Energy storage automation production equipment**

#### **Overview**

Who is Shanghai Zee energy storage technology?

Shanghai ZOE Energy Storage Technology Co. Ltd., established in 2022, is dedicated to providing global users with safe and eficient energy storage product system solutions. The company is headquartered in Shanghai, with joint venture ofice in Suzhou, R&D center in Changzhou and a fully automated energy storage production center in Fuzhou.

Why should you choose Shanghai Zee energy storage technology?

This enhances automation, intelligence, and flexibility in production, ensuring the highest standards of safety and quality in our products Shanghai ZOE Energy Storage Technology Co., Ltd., established in 2022, is dedicated to providing global users with safe, efficient, and intelligent energy storage product system solutions.

Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

What is battery management system?

Battery management system used in the field of industrial and commercial energy storage.

Who is Zee energy storage?

ZOE Energy Storage is a Tier 1 provider of integrated energy storage products and system solutions. Our flagship ESS - Z BOX series has obtained European most stringent safety and quality certifications, enabling global deployment with proven reliability and technological excellence.

What is Shanghai Zoe energy storage?

The company has developed its own PCS, BMS, and EMS (3S) to ensure deep coupling and 3S high integration of products, and an EaaS cloud management platform to provide new energy solutions to users. Shanghai ZOE Energy Storage inherits from ZOE Solar Energy Group Co. Ltd., which was established in 2013.
