Huawei Australia Sydney New Energy Storage

100KWH/215KWH

LIQUID/AIR COOLING

IP54/IP55

BATTERY 6000 CYCLES

Overview

Chinese giant Huawei has entered Australia's residential solar battery market with its home energy storage system, the Luna2000. Does Huawei offer solar energy storage?

Huawei entered the solar energy market with the offering of their Luna2000 battery storage system. Huawei's LUNA energy storage system offers a system that can be coupled with any Huawei inverter. 1) Flexible Modular Design The Luna2000 battery has a modular design and can be scaled based on your energy storage needs.

How much does a Huawei solar battery cost in Australia?

Chinese giant Huawei has entered Australia's residential solar battery market with its home energy storage system, the Luna2000. The lithium-iron phosphate 5kWh cells have a modular design and are scalable to 30kWh. Huawei is banking on 10 kWh system capacities being most popular, telling pv magazine Australia they will retail for under AU\$10,000.

Which solar storage system should I use with a Huawei inverter?

The perfect solar storage solution to couple with any Huawei inverter, the Huawei LUNA is here. Built as an adaptable and modular storage system, the Huawei LUNA has the unique benefit of being able to scale to fit your home's energy needs.

Does Huawei have an Australian office?

They also have an Australian office and team of local staff that assist customers to get the best out of their Huawei solar systems. To help customers achieve energy independence, Huawei's LUNA energy storage system offers a system that can be coupled with any Huawei inverter.

Should you buy a Huawei Luna solar energy storage system?

If you are looking for a high-quality solar energy storage system, then it's just

a fact that you should be considering Huawei. Huawei's history of excellence across a wide variety of different technological fields stands as a testament to their commitment to quality in all products they produce, and the Huawei LUNA is no exception.

Can a Huawei solar battery be used with a Luna inverter?

The Huawei Solar Battery energy storage system can be used with a Luna inverter. The LUNA inverter can be modified to suit your energy needs, regardless of their size.

Huawei Australia Sydney New Energy Storage

Huawei debuts storage solution for residential PV

Apr 2, 2024 · Huawei says its new, all-in-one storage solution for residential PV comes in three versions with one, two, or three battery modules, offering 6.9 ...

Australia on the Cusp of Big Battery Boom, ...

Mar 24, 2025 · A volatile power market, supportive government policies, and looming coal plant retirements are driving uptake of utility-scale batteries in ...

Huawei LUNA2000 High Voltage Storage: Powering Australia...

With energy costs jumping 25% since 2022 and renewable integration targets breathing down operators' necks, Huawei's LUNA2000 high-voltage storage system arrives like a cool breeze ...

Advancing into a new era of zero-carbon living ...

Mar 26, 2024 · A new benchmark in the residential energy storage industry One of the key devices for realizing the vision of a zero-carbon household is the ...
