

#### **SolarGrid Energy Solutions**

## Huawei s overseas energy storage containers

#### **Overview**

What is Huawei's Red Sea energy storage project?

This project also represents the largest energy storage project since Huawei officially launched the Smart String Energy Storage Solution for utility-scale PV power plants in June 2021. Sitting on the Saudi Arabian Red Sea coast, the Red Sea project is one of the key projects as part of the Saudi Vision 2030.

How much money does Huawei invest in the Red Sea project?

It is built with a registered capital of RMB 3 billion (468 million USD) and has Hu Houkun, Deputy Chairman of Huawei as its legal representative. Huawei signed a key contract for The Red Sea Project with 1300 MWh battery energy storage solution (BESS) - the world's largest energy storage projects.

Who is responsible for Huawei energy storage system?

Among them, the ACWA Power will be responsible for the developer's part while Shandong Power will provide the EPC (Engineering, Procurement, and Construction) supplies. In July 2021, Huawei filed an energy storage system patent that was publicly shared on July 9th in China.

What makes Huawei a great energy storage company?

Huawei has more than 10 years of experience developing and researching energy storage systems, and this has been applied throughout a global installed base of more than 8 GWh.

Is Huawei preparing for energy storage in 2021?

In July 2021, Huawei filed an energy storage system patent that was publicly shared on July 9th in China. This patent targets to normalize the hardware architecture and provides convenient maintenance with reduces costs. We can see the company has a long time preparation for the energy storage which is now gradually starting to implement in actual.

Is Huawei partnering with sepcoiii for a 1300 MWh off-grid battery energy storage system?

Huawei has recently signed the contract with SEPCOIII at Global Digital Power Summit 2021 in Dubai for a 1300 MWh off-grid battery energy storage system (BESS) project in Saudi Arabia, currently the world's largest of its kind.
