

SolarGrid Energy Solutions

Nordic inverter wholesale price

Overview

What types of solar inverters are available?

Offering a diverse range of inverters, including residential hybrid models ranging from 1.2kW to 20kW, as well as commercial & industrial energy storage units from 20kW to 235kW, ESS solutions, and portable power stations, we cater to a wide array of solar system sizes and applications.

What is a nordac SK 500e frequency inverter?

The Nordac Pro SK 500E series is the frequency inverter for all drive applications. It offers a wide power range, and its functionality can be extended with plug-in option modules. For heat removal this inverter uses variable cooling concepts that allow the heat to be dissipated outside the control cabinet.

What is a C&I energy storage inverter?

C&I energy storage inverters range from 20kW to 235kW, ensuring reliable, efficient energy conversion across all scales. A state-of-the-art 70,000-square-meter facility, armed with cutting-edge production and rigorous testing machinery, propels your business forward with unparalleled efficiency and robust productivity.
