Thailand Chiang Mai Energy Storage Low Temperature Lithium Battery Factory

Overview

Who is Thai Energy Storage Technology plc?

THAI ENERGY STORAGE TECHNOLOGY PLC. Formerly “Thai Storage Battery Company Limited” was found in 1986 and became a public company limited in 1994. It has become one member of Hitachi Chemical Group in September 2017 and changed the company name to “Hitachi Chemical Storage Battery (Thailand) Public Company Limited” by the time of 3rd January 2019.

Where are lithium-ion batteries made in Thailand?

Thailand’s vibrant industrial landscape hosts several supply chain centers for lithium-ion battery companies, strategically located in key cities across the country. Bangkok, the capital city, serves as a nucleus for various battery manufacturers, offering proximity to transportation networks and skilled labor.

Is Thailand's lithium-ion battery industry thriving?

In conclusion, Thailand’s lithium-ion battery industry is thriving, with companies like NV Gotion, Siam GS Battery, Sevpacks, and Busch Thailand leading the way in innovation and sustainability.

Why is Thailand a key player in the lithium-ion battery market?

Thailand has emerged as a key player in the global lithium-ion battery market, with its strategic location, supportive government policies, and robust industrial infrastructure.

Why should you invest in EVs in Thailand?

Additionally, those with investment privileges will receive subsidies for investment, research, and personnel training. Amita Technology, a local Thai company and the first lithium-ion battery gigafactory in ASEAN, is committed to completing Thailand's electric vehicle (EV) ecosystem by developing battery manufacturing from upstream to downstream.

What is Amita Technology (Thailand)?

Amita Technology (Thailand) Co.,Ltd., a subsidiary company of Energy Absolute PCL, has started a plant producing lithium-ion batteries and a cutting-edge integrated energy storage system. Within the ASEAN region, it possesses the greatest production capacity. Encourage Thailand to lead the way in EV innovation.

Thailand Chiang Mai Energy Storage Low Temperature Lithium Batt
