

### **SolarGrid Energy Solutions**

# Uzbekistan energy storage photovoltaic power station

### **Overview**

TASHKENT, May 21, 2024 — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS). Will the World Bank support a solar photovoltaic plant in Uzbekistan?

Image for representation purposes only. The World Bank on Tuesday (May 21) announced that it will support a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS) in Uzbekistan -- Central Asia's first renewable energy facility with a utility-scale battery storage component.

Will Uzbekistan have a battery energy storage system?

ADB said it will be one of the first utility-scale renewable energy projects with a battery energy storage system (BESS) component in Uzbekistan. It follows the announcement of the county's first BESS in May 2024 and the connection of the first phase of a 511 MW solar project in March of this year.

Will Uzbekistan fund a 250-megawatt solar photovoltaic plant?

TASHKENT, May 21, 2024 — The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt (MW) solar photovoltaic plant with a 63-MW battery energy storage system (BESS).

Who owns a 200 MW photovoltaic plant in Uzbekistan?

ACWA Power and the JSC National Electrical Grid of Uzbekistan signed a 25-year Power Purchase Agreement (PPA) for the development/construction/operation of a 200 MW photovoltaic plant including a battery energy storage system ("BESS"). JSC National Electric Grid of Uzbekistan acts as the sole off-taker.

Does Uzbekistan have a solar plant?

Separately, ACWA Power recently announced financial close on a 200 MW solar plant and 500 MWh BESS near the national capital, Tashkent. Uzbekistan had 253 MW of cumulative installed solar capacity at the end of last year, according to figures from the International Renewable Energy Agency (IRENA).

Will ACWA Power build a 500 MW solar plant in Uzbekistan?

ACWA Power plans to build a 500 MW solar plant and a 500 MWh battery energy storage system in Uzbekistan under a project proposed by the Asian Development Bank (ADB). The ADB is proposing a large scale, solar-plusbattery system in Uzbekistan.
